	Women protection cell and sexual harassment at work place	07-01-2016,

The programs and workshops conducted during 2016-2021 include-

1. International Women's Day-

8th of March of every year marked the celebration of a new event at Vaagdevi Pharmacy College, Bollikunta, Warangal wherein everyone at the college joined in the celebrations of the International Women's Day. The college always supports and encourages its students as well as staff members- both teaching and non teaching. **Sri Gundu Sudharani, Mayor of Warangal**, addressed the gathering and spoke about the importance of women not only to the society but also to the college. **Dr. M. Swapna Reddy** spoke about her experiences while she was a student at the college. She also informed the students about the Safety Cell created by the **Mamnoor Police Station** and gave the contact details which would be useful to the students who come from the rural areas as well as who stay at the hostel away from home. Around 200 students and staff members were present on the occasion.

2. Women Safety and Self Defense

A one-of-a-kind workshop on "Women Safety and Self Defense" was held on November 5, 2020, at the Vaagdevi Pharmacy College in Bollikunta, Warangal. This program's expert was **Prof V. Janaki Head CSE, Vaagdevi College of Engineering**, she not only provided advice on safety considerations, but he also demonstrated a few self-defence skills with the help of a few volunteers. This was a one-of-a-kind programme designed with the understanding that the

majority of our students are female, and with the rising prevalence of crimes against women, their safety is a significant worry.

The event drew over 150 students and teachers.

3. Women's Stress Management and Health Awareness Program

On the 7th of March 2015, a unique programme was held at Vaagdevi Pharmacy College in Bollikunta, Warangal, to commemorate Women's Day. The program was inaugurated by Dr G. Kamal Yadav, Principal Vaagdevi Pharmacy College, Bollikunta, Warangal. **Prof M. Radha Kishan**, a yoga expert, spoke to the students about the value of yoga and meditation in preserving physical and mental wellness. He gave tips for everyday yoga and pranayam. He also gave the students a glimpse of the benefits by having them participate in a few pranayam and meditation exercises, which they absolutely loved.

This workshop and their pranayam experience benefited the 120 students and staff members who took part.

4. Traditional Day

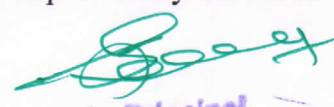

On March 20, 2018, 2019 and 13th April 2022, Vaagdevi Pharmacy College in Bollikunta, Warangal, celebrated the Traditional Day, one of the most awaited days of the year. The Traditional Day was put on by YUWA, the cultural committee of the Vaagdevi Pharmacy Governing council, to honour Bathukamma and the rich diversity of Indian culture.

The celebration of India's rich cultural diversity on Traditional Day is commemorated, and it is often a dressed day at work. It's a day set aside for attendees to dress traditionally from their native country or other preferred culture. Everyone who attended the college showed there dressed to impress.

5. Women protection cell and women welfare association

The Women protection cell and women welfare association actively seek to promote the status of women in society and prevent gender discrimination. Vaagdevi Pharmacy College is working hard to provide a strong foundation for gender sensitization. The committee maintains and enhances the position of women, raising knowledge of their rights and safeguarding their safety and dignity as students, teachers, and staff members. Also to develop a society devoid of

any gender-based and prejudiced discrimination, with areas dedicated to allowing students to reach their full potential.

Objectives of the committee:

- To address all the problems associated with prejudice against women.
- To assist ladies in becoming more self-assured.
- To raise awareness of laws protecting women.
- To emphasise the value of gender inclusivity and social equality.
- To protect female students, instructors, and staff from sexual harassment and to advance their overall wellbeing.
- To keep a respectful, welcoming workplace for everyone.

6. Awareness Programme on Early Marriages

The concept of early management should be totally eliminated from society. When a girl reaches the age of 18, she is legally allowed to be married, but it is recommended that she wait a little longer so that she can finish college and reach sexual and intellectual maturity. Numerous data indicate that when there is a significant age gap between men and women who are getting married, their relationship may not work out well and healthily. Our volunteers have stepped on the doors of the villages to inform them of the negative effects of child marriage and advise them to do so.
